CAREER OBJECTIVE

"Aim to utilize and expand my skills while supporting the growth and progress of the organization."

EDUCATION

Bachelor of Technology in computer science engineering, ACE Engineering College JNTU University, CGPA: 8.2	2022 - Present
Diploma in Electronics and Communication Engineering, Ellenki College of Engineering and Technology SBTET, CGPA: 8.4	2019 - 2022
SSC, Class X, ZPHS BOLLARAM CGPA: 7.0	2018 - 2019

PROJECTS

Movie Recommendation System: A Content-Based Movie Recommendation System suggests films by analyzing the attributes of movies, such as genre, director, cast, and plot. It compares these features with the user's previously liked movies to find similar ones. This personalized approach helps users discover movies that align closely with their preferences and interests.

House Price Prediction System: Predicting house prices using data analysis and machine learning, helping buyers and sellers make informed real estate decisions.

SKILLS

Programming: Python, MySQL, C
Python Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-Learn
Tech: Data Science, Machine Learning, Data Visualization

CERTIFICATIONS

Python course certification by Data Flair

EXTRA-CURRICULAR ACTIVITIES

Volunteering in PSS TRUST (NGO). I enthusiastically engaged in various events organized by the PSS Trust, actively teaching classes to students in 9th, 10th, and diploma levels.

DECLARATION

I hereby declare that all the information provided above is correct to the best of my Knowledge.
